### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Cancel claims 1-10 and 17-28.

Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney, Mr. Stephen B. Ackerman, on April 10, 2003.

3. Claims 11-16 and 29-37 are allowed (being renumbered as 1-15, respectively).

4. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the prior art of record because none of the prior art whether taken singularly or in combination, especially when these limitations are considered within the specific combination claimed.

The best prior art of record, US Pat. No. 6,008,073 to King et al, shows and disclose (see figures 1, 3 and 4) a method of creating a semiconductor device package, comprising the steps of: providing a semiconductor device 18; providing a lead frame; providing a ground plane 22a to form a physical and thereto connected interface between a die attach paddle and the lead frame, wherein the a plane of the ground plane is parallel with a plane of the die attach

paddle and with a plane of the lead frame; mounting the semiconductor device over the die attach paddle; providing the first and second interconnects between points of electrical contact on the active surface of the semiconductor device 18 and the lead fingers 14a-14b and the ground plane 22b; providing a mold compound overlying the die attach paddle, further enclosing the ground plane, enclosing the first and second conductive interconnects and enclosing the lead frame. King et al, however, fail to teach the plane of the ground plane to be interposed between the plane of the die attach paddle and the plane of the lead frame.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
